

Marwell Workshop

Wednesday 25thth January 2012

Photoshop & Elements Exercise

Subjects include:

Selections, Polygonal & Quick Selection tools.
Layers & Layer Masks.
Transform Tool, Rotate, Resize & Reshape.
AND MORE....

The training for this exercise has sections for all versions of Elements and Photoshop showing two ways of completing the exercise depending on the tools available in your version.

*Bring your laptop along to join in the exercise. You will find it very difficult and could slow down the training if you do not use a MOUSE.
You will need to download the images from the Dropbox in the "Orange Kiwi Exercise Images" folder (3 images).
If you have an electrical extension lead, it might be helpful to bring this along to.*

Workshop Address:

TAVCOM, Claylands Park
Claylands Rd, Bishops Waltham, Southampton SO32 1QD

19:30 to 21:30

£1.00 for Members

£2.00 for Non Members
